Getting Ready for Kindergarten!

Our summer school kindergarten course is designed specifically for incoming students to kickstart their journey into formal education. At Champ Camp, young learners will immerse themselves in the routines and expectations of school life, forging new friendships along the way. From mastering classroom procedures to honing essential skills, our engaging activities will prepare students for a successful transition to kindergarten in the fall. With a blend of fun games and interactive learning, Champ Camp ensures a summer filled with excitement and readiness for the adventures ahead!

***NOTE - Course selection is NOT required for kindergarten students, because ALL incoming kindergarteners will be assigned to a Getting Ready for Kindergarten course.**

Gameschooling, Grades 1-2

Gameschooling means using games for learning. It can help children grow in academic skills as well as problem solving, reasoning, and verbal communication.

Oceans Galore, Grades 1-2

Let's take a dive into exploring the ocean and all that entails such as habits and animals living in those habitats. So grab a ticket of exploration, and load up the scubba gear to begin the journey of learning all things about the ocean.

Camping in the Classroom, Grades 1-2

Embark on an adventurous journey into the great outdoors with our thrilling camping-themed summer school course designed exclusively for first and second-grade students! Delve into the magic of nature as you learn essential survival skills like setting up tents, building cozy campfires, and identifying native flora and fauna. Get ready for captivating storytelling around the campfire, exciting treasure hunts in the wilderness, and exhilarating nature hikes where every step is an exploration waiting to unfold. With hands-on activities, creative crafts inspired by the beauty of the wilderness, and plenty of marshmallow roasting under the starry skies, this summer school experience promises endless fun, friendship, and unforgettable memories amidst the wonders of nature!

Animal Exploration, Grades 1-2

In this course, we will do animal based activities. This includes STEM projects, literacy, and math. We will explore all types of animals (farm, ocean, zoo, etc.)

Catching Up On Math, Grades 3-5

This course will allow students to relearn some of the math skills that they have missed through instruction, games, and practice building their knowledge and confidence

Mad Scientists Summer Camp, Grades 3-5

I hope your child will join me on an adventure where young minds embark on an exhilarating journey into the captivating world of science! This camp will ignite curiosity and fosters a love for experimentation in elementary students. Each day is anchored by one exciting focus experiment and concept with various supplementary activities and ideas that are sure to spark wonder and discovery. Science is an important but sometimes overlooked subject which allows your child to build important critical thinking and problem solving skills. I hope you they will join me for a summer filled with laughter, learning, and boundless exploration!

Around the World in 16 Days! Grades 3-5

Have you ever wondered about all of the places around the world?? Join us for 16 days to learn about countries all around the world! We will travel to the seven continents of the world and learn all about different countries. We will also be doing lots of activites that people all around the world enjoy doing. Join the around the world in 16 days course!

Camp Learn-A-Lot, Grades 3-5

Come "Camp Out" and let's make learning FUN for 16 days. We will read, write, complete math, do science experiments, make a diorama, eat, and learn about nature ALL within the theme of camping. Topics that will be covered: compass rose, animal tracks, constellations, fireflies, caves, bats, fire safety with Smokey the Bear, soil, cloud formations and "S'more" much more. Pack your bookbag and let's go on an adventure!

Olympics 2024, Grades 3-5

Throughout the summer we will explore all the aspects of the Olympics. Countries, sports played, etc.

Outerspace Fun, Grades 3-5

Come and learn all about Outer Space, Astronomy, and Astronauts. We will have a lot of crafts and hands on activities to help us learn more about Outer Space. We will also have some learning activities with the theme as well.
